EXPERIENCE

Front-end Development Intern Meta Scifor Technologies, Bengaluru, Karnataka	July 2024 — Ongoing Remote
<ul style="list-style-type: none">- As an intern I was introduced to many frameworks like Bootstrap, TailwindCSS and had to build projects using these tools. During the training phase, I developed websites using HTML, CSS (frameworks also), JavaScript, React.- During the internship I had to work in client projects which helped me to improve my time management and collaboration. Learned to build components, integrate frontend with the backend, better styling/theming and improved my code quality. Made better use of version control (Git) and gained invaluable experience of working in a fast-paced environment.	

PROJECTS

Quillify / Next.js, React, MongoDB, TailwindCSS / Deployed Link	Jan 2025 — Feb 2025
<ul style="list-style-type: none">- This website presents a sleek, modern, responsive interface featuring the latest blog posts across categories.- Robust Tools: Rich text editing while writing a blog, a separate admin panel and also real-time notifications.- Admin-Friendly: Streamlined interface for efficient content management to add and delete blogs as per the need.	
MovieVault / React, React-Router, APIs, TailwindCSS / Deployed Link	Dec 2024 — Jan 2025
<ul style="list-style-type: none">- Discover movies by quickly searching them and get detailed movie info via OMDb API, the website has sleek animations and responsiveness.- Personalized Watchlist: Easily add or remove movies to track your favorites.	
QuizzMe – A Quiz Platform / React, APIs, CSS3, HTML5 / Deployed Link	July 2024 — Aug 2024
<ul style="list-style-type: none">- QuizzMe! is an interactive web-based platform designed to engage users in trivia quizzes across various topics.- Customizable Quizzes: Tailor settings like category, difficulty, type, and question count.- Responsive Design: Enjoy dark/light mode and smooth animations, responsiveness across devices.	
More Projects	April 2024 — Present
