## EXPERIENCE

<b>Front-end Development Intern</b> Meta Scifor Technologies, Bengaluru, Karnataka	July 2024 — Ongoing Remote
<ul style="list-style-type: none"><li>- As an intern I was introduced to many frameworks like Bootstrap, TailwindCSS and had to build projects using these tools. During the training phase, I developed websites using HTML, CSS (frameworks also), JavaScript, React.</li><li>- During the internship I had to work with client projects which helped me to better my time management and collaboration. Learned to build components, integrate frontend with the backend, better styling/theming and improved my code quality. Made better use of version control (Git) and gained invaluable experience of working in a fast-paced environment.</li></ul>	

## PROJECTS

<b>Movie Watchlist</b> / APIs, JavaScript, CSS3, HTML5 / <a href="#">Deployed Link</a>	Aug 2024 — Sep 2024
<ul style="list-style-type: none"><li>- A website that allows the users to search for films and create a personal watchlist of movies.</li><li>- Features like movie search functionality, personal watchlist creation, local storage integration and responsive design.</li></ul>	
<b>Add To Cart App</b> / JavaScript, CSS3, HTML5 / <a href="#">Deployed Link</a>	May 2024 — May 2024
<ul style="list-style-type: none"><li>- An app made for phones to be used for list taking and helps in better planning of purchases.</li><li>- Features include ease of use, uses Firebase for storage so data persists and is made for mobile devices.</li></ul>	
<b>QuizzMe! – A Quiz Platform</b> / React, APIs, CSS3, HTML5 / <a href="#">Deployed Link</a>	July 2024 — Aug 2024
<ul style="list-style-type: none"><li>- “QuizzMe!” is an interactive web-based platform designed to engage users in trivia quizzes across various topics.</li><li>- The application allows users to customize their quiz experience by tweaking the options for category, difficulty etc.</li><li>- It retrieves questions from the Open Trivia Database API, providing a dynamic and varied quiz experience.</li></ul>	
<b>More Projects in my GitHub and Portfolio</b> / Front-end Development, Python /	April 2024 — Present
<ul style="list-style-type: none"><li>- Checkout my Portfolio at: <a href="#">Ashwin's Portfolio</a>.</li><li>- GitHub at: <a href="#">GitHub-Profile</a>.</li><li>- Most projects done to reinforce my learning and also to build practice.</li></ul>	

## EDUCATION

<b>Vimal Jyothi Engineering College, Kannur, Kerala</b> (Affiliated to APJ Abdul Kalam Technological University, Kerala) <b>Bachelor of Technology in Computer Science &amp; Engineering (CGPA of 8.66)</b>	Aug 2019 — June 2023
---	----------------------

<b>Bharatiya Vidya Bhavan, Kannur, Kerala</b> (Affiliated to CBSE) <b>Graduated 12th Grade, Computer Science (CGPA of 8.9)</b>	May 2018 — April 2019
--	-----------------------

## CERTIFICATIONS

- [The Frontend Developer Career Path](#), [Advanced React](#), [Learn TypeScript](#) certifications from [Scrimba](#).
- [Certificate in Cybersecurity](#) from [Coursera](#) offered by [Google](#) called [Google Cybersecurity](#).
- [EF SET English Certificate – 74/100 \(C2 Proficient\)](#).
- Currently I am learning more on [Next.js](#) and [MERN](#) stack.

## SKILLS

<b>Programming Languages</b>	C, Python, Node.js, JavaScript, TypeScript, MySQL
<b>Technologies / Libraries / Frameworks</b>	React, React Router, Next.js, Vite, Webpack, Bootstrap, TailwindCSS
<b>Developer Tools</b>	Linux, Git, Figma, Vercel, Netlify
